## As a MyPost Business customer, you save when you send. Here's how it works.

### It's all about your band

Your MyPost Business savings band determines how much you save. Bands range from 0 (standard retail rates) to 5, as set out in the table below. The higher your band, the more you'll save on domestic and international parcel sending (with certain exceptions). Band 1 and above gives you savings on three domestic zones for parcels under 5kg, and five international zones. Domestic parcels over 5kg receive flat savings based on your band.

Band 0	Band 1	Band 2	Band 3	Band 4	Band 5
<b>\$0 – \$49</b> in the last 4 weeks. Or, up to \$499 in the last 12 months.	<b>\$50 – \$249</b> in the last 4 weeks. Or, \$500 – \$2,499 in the last 12 months.	<b>\$250 – \$499</b> in the last 4 weeks. Or, \$2,500 – \$4,999 in the last 12 months.	<b>\$500 – \$999</b> in the last 4 weeks. Or, \$5,000 – \$9,999 in the last 12 months.	<b>\$1,000 – \$1,999</b> in the last 4 weeks. Or, \$10,000 – \$19,999 in the last 12 months.	<b>\$2,000 or more</b> in the last 4 weeks. Or, over \$20,000 in the last 12 months.

Continue reading this guide to understand how much each band can save you and the price you'll pay.

### How we determine your band

Your savings band is based on how much you've spent on MyPost Business Products (with a couple of exceptions) over the last four weeks, or the last 12 months, whichever gives you more savings. This guide contains a detailed product list so you know what counts towards your savings band and what you save on.

Once you meet each spend threshold, you'll move up a savings band the next day. You'll stay in the same savings band for four weeks, even if your parcel sending drops. If you become eligible for a higher savings before four weeks pass, you'll move up the next day.

When you move to a new band, the new rates are automatically applied to your MyPost Business account.

### Want to know what band you're in?
