Easy returns with MyPost Business flat rate satchels

Designed to be reused a second time, MyPost Business flat rate satchels make returns easier. For a better shopping experience, let your customers know they can reuse the satchel to make a return. Or they can reuse the satchel to send to anyone, anywhere.

Key features

- ⭐ A second adhesive strip
- ✓ Instructions on how to reuse once more
- ♡ Simple customer-friendly design
- ⬍ Four sizes - small, medium, large and extra large

Benefits

Send – Pay flat rate postage based on size of the satchel (not weight) if you send under 5kg within Australia.

Return – The satchel can be reused for customers to make a return or exchange. To make it even easier, use MyPost Business to create and email a return label to your customer in just a few clicks.

Reuse – If your customer doesn't want to return their item/s, they can use the satchel to send another parcel to anyone, anywhere.

This packaging is now available for purchase through our Online Shop.

Pack, Pay and Post again

1 Open satchel by cutting along the dotted line

2 Remove item/s from the satchel

3 Place item/s into the satchel

4 Reseal the satchel using the second adhesive strip

5 Affix new paid postage label, making sure to cover up the old one

6 Lodge the parcel at a Post Office or street posting box
