Hi s 47 E(c),

Thank you for your time today, just to recap I am the Account Manager for Pauline Hanson – One Nation Queensland.

One Nation sent 200 express Post articles to the Canning St North Melbourne Tower which arrived at North Melbourne DC today and I understand that they went out for delivery today and they couldn't be delivered because of the security at the complex.

Alex from One Nation advised the articles were "time sensitive and in Public Interest need to be delivered to the residents as soon as they can" and could they be given to the Police to be delivered.

s 47 I understand you are working with Corporate Security to come up with a plan for the express articles including the residents other mail articles to the residents.

The express parcels are all addressed to:

To the Resident and the unit number like below.

Article ID	Product	Delivery Status	Manifest ID	Consig. ID
33WMM500100501000961509	Express Post	Transferred	AP22007821	33WMM5001005

Details

Receiver Name: To The Household
Receiver Address: 179/76 Canning St
Receiver Suburb, State, Post Code, Country: NORTH MELBOURNE, VIC, 3051, AU
Sub Product: 96 Express Post
Service Code: 15

I have advised Alex the express articles were taken to the complex today the Police wouldn't allow anyone to enter and the AP driver was advised the express articles could be delivered to the Community Centre, however the AP driver made a call not to leave the express articles at the Community Centre as there was no secure place to leave them and they could have been lost/stolen.

Can you please let me know the plan to deliver the articles so I can let One Nation know.

Thank you for your assistance in this sensitive matter.

Kind regards,
