Subject: Towers - Pauline Hanson

Hi team

An fyi on something that has unfolded this afternoon.

I received a call this afternoon from office of Lord Mayor at City of Melbourne (who I used to work with) to bring us in the loop on something. City of Melbourne out at a Nth Melb tower yesterday received from us 1 some mail - as part of that mail was 114 parcels all looking and feeling the same, sender: Pauline Hanson.

City of Melbourne/DHHS have decided to open one of the parcels, to determine whether it is essential and needs to go up.

Turns out it is a stubby holder. Pic attached.

DHHS/City of Melbourne - deciding that things are tense in the towers precinct already and with a culturally diverse population - decide to hold the items and not deliver them.

We get told as a courtesy this afternoon.

s 47 E(c) [redacted] has been on a call this afternoon with Justin Henney from City of Melbourne. Justin mentioned during that call that LM Sally Capp may call CH tonight as a courtesy.

Feels like Pauline is trying to create a stir.
