▲ For parcels over 1kg that are square or rectangular in shape, Australia Post will assess charges according to their actual weight or cubic weight equivalent, whichever is greater. The cubic weight is the parcel's volume in cubic metres multiplied by 250. Australia Post reserves the right to also apply cubic charges to a parcel weighing less than 1kg, and to parcels that are irregular or cylindrical in shape.

● For Christmas Island 6798, Cocos (Keeling) Islands 6799 and the Australian Antarctic Territories 7151, see pages 18-19 of the Post charges booklet.

Where an article is lodged which is in excess of the weighing capacity of an Australia Post retail outlet, an agreed charge will be applied which is fair and reasonable in all the circumstances.

Note: Check that you are using the correct charges sheet for the postcode of the office of lodgement. Then determine zone for postcode of destination and refer to Table 1 for relevant charge. Lodgement must be made at an Australia Post retail outlet.

The table to the left represents the Australia Post delivery network. For details of the Express Post network for which next business day guarantee is available, ask at your Australia Post retail outlet or visit auspost.com.au/expresspost.
